1. Introduction

We would like to use the information below to provide you "data subject" with an overview of our processing of your personal data and your rights under data protection law. It is generally possible to use our website without entering personal data. However, if you wish to make use of special services offered by our company through our website, it may be necessary to process personal data. If it is necessary to process personal data and there is no legal basis for such processing, we will generally obtain your consent.

Personal data, such as your name, address or email address, is always processed in accordance with the EU General Data Protection Regulation (GDPR) and in accordance with the country-specific data protection regulations applicable to the "SAVE Versicherungsmakler GmbH". The aim of this Privacy Notice is to inform you about the scope and purpose of the personal data we collect, use and process.

As the data controller, we have implemented numerous technical and organisational measures to ensure the most complete possible protection of the personal data processed via this website. Nevertheless, as a rule, internet-based data transmissions may have security gaps, and we are unable to guarantee absolute protection. Because of this, you are free to send us personal data by alternative means, for example by telephone or post.

4. Legal basis for processing

Article 6 Paragraph 1(a) GDPR serves as our company's legal basis for processing operations in which we obtain consent for a specific processing purpose.

If the processing of personal data is necessary for the performance of a contract to which you are a party, as is the case, for example, with processing operations that are necessary for the delivery of goods or the provision of other services or consideration, processing is based on Article 6 Paragraph 1(b) GDPR. The same applies to those processing operations required to carry out pre-contractual measures, such as in cases of queries regarding our products or services.

If our company is subject to a legal obligation requiring the processing of personal data, such as for the fulfilment of tax obligations, processing is based on Article 6 Paragraph 1(c) GDPR.

In rare cases, processing of personal data may be necessary to protect the vital interests of the data subject or of another natural person. This would be the case, for example, if someone visiting our business were to be injured and their name, age, health insurance data or other vital information needed to be disclosed to a doctor, hospital or other third party. Processing would then be based on Article 6 Paragraph 1(d) GDPR.

Finally, processing operations could be based on Article 6 Paragraph 1(f) GDPR. Processing operations not based on any of the above-mentioned legal bases may be carried out on the basis of Article 6 Paragraph 1(f) GDPR if processing is necessary to safeguard the legitimate interests of our company or those of a third party, provided the interests and fundamental rights and freedoms of the data subject do not take precedence. We are permitted to engage in such processing operations in particular because they have been specifically mentioned in European law. In this respect, the legislature took the view that a legitimate interest could be assumed if you are a customer of our company (Recital 47 Sentence 2 GDPR).

This site uses SSL or TLS encryption to **ensure** the security of data processing and to protect the transmission of confidential content, such as orders, login details or contact requests that you send to us as the website operator. You can recognise an encrypted connection by your browser's address bar reading "https://" instead of "http://" and the lock symbol in the browser bar.

If SSL or TLS encryption is activated, the data you send us cannot be read by third parties.

6. a truncated internet protocol address (anonymised IP address) and
7. the accessing system's internet service provider may be collected.

No conclusions are drawn about you when using this general data and information. Instead, this information is needed

This collected data and information is therefore statistically analysed and further analysed by us with the aim of increasing data protection and data security within our company to ultimately ensure an optimum level of protection for the personal data being processed by us. The anonymous data from the server log files is stored separately from all personal data provided by a data subject.

The legal basis for data processing is Article 6 Paragraph 1 Sentence 1(f) GDPR. Our legitimate interest is based on the purposes listed above for the collection of data.
